API Integration: APIs, JSON, Fetch

Development Tools: VS Code, npm, Node.js

Core Competencies: Responsive Web Design, UI/UX Implementation, Performance Optimization, Debugging, Problem Solving

EXPERIENCE

MERN Stack Web Developer

Jan 2023 – Present

Pakistan

- Designed and developed interactive, responsive web applications using React.js, Node.js, Express.js, MongoDB, HTML5, CSS3, and JavaScript.
- Integrated RESTful APIs for dynamic content and seamless front-end functionality.
- Delivered web solutions, from landing pages to full-scale dashboards.
- Applied state management using React Hooks and Context API for scalable application performance.
- Ensured cross-device compatibility and optimized site loading speed using code-splitting and lazy loading techniques.

PROJECTS

E-Commerce Store | [Live Link](#)

React.js

- Built a fully responsive online store featuring product listings, cart functionality, and payment simulation.
- Utilized React Router for seamless navigation and Context API for cart state management.

Portfolio Website | [Live Link](#)

React, CSS

- Developed a personal portfolio website showcasing projects, skills, and contact information using React and CSS animations.
- Focused on UI/UX and accessibility for optimal visitor experience.

Social Media Videos Downloader | [Source Code](#)

MERN Stack

- Designed and developed a full-stack social media video downloader application.
- Built the backend with Node.js and Express.js, and the frontend using React and Tailwind CSS.

Company Website (webpenter.com) | [Live Link](#)

MERN Stack

- Developed a complete company website using MongoDB, Express.js, React, and Node.js.

EDUCATION

BS Software Engineering

2018 – 2022

Khawaja Fareed University of Engineering and IT, RYKhan
